## ABOUT US

Busy Firm® was founded on the basis of being a complete solution for “busy firms” providing a full suite of business services such as staffing, payroll, management, answering services, marketing & branding, data center management, records and document management, custom software development, and more. We are the backbone of businesses today, ensuring their success and compliance.

No matter what industry you are in, Busy Firm® offers first class business solutions to customers across the globe from the U.S., Canada, U.K., France, Australia, New Zealand, Asia, and more.
